CAP SENIOR MEMBER PROFESSIONAL DEVELOPMENT PROGRAM

This regulation outlines the program to prepare senior members in the special skills required for Civil Air Patrol (CAP) mission accomplishment. The program offers opportunities to help the senior member learn specific mission-related skills and prepare for leadership positions. Commanders at each echelon have the responsibility to support the Senior Member Professional Development Program in accordance with the provisions of this regulation. **Note: Shaded areas identify new or revised material.**

CHAPTER 1—OVERVIEW

1-1. Purpose of the Senior Member Professional Development Program.

CAP is a federally chartered non-profit corporation. It is the official auxiliary of the United States Air Force. Congress chartered CAP to perform certain duties for individual communities and for the nation. That charter helped establish CAP's three missions: Emergency Services, Aerospace Education, and Cadet Programs. To accomplish its mission, CAP requires an informed, active senior membership trained in leadership, management, and functional tasks. The CAP Senior Member Professional Development Program prepares members to serve their units, their communities, and their nation.

1-2. Organization of the Senior Member Professional Development Program.

Five levels comprise the Senior Member Professional Development Program. Each level is briefly explained below. (Also see Attachment 1, *CAP Senior Member Professional Development Program Progression and Awards* chart.)

a. Level I, Orientation. Level I training provides the new senior member with information required for active membership in CAP. This level consists of the Orientation Course and Cadet Protection Program Training (CPPT). Shortly after joining CAP, the member receives a collection of pamphlets and manuals from the CAP Bookstore that make up the senior member handbook. Members should study these materials prior to attending a Level I Orientation Course. The Level I Orientation Course provides basic information about the CAP program. It consists of video and instructor presentations. Chapter 3 details Level I training.

b. Level II, Technical Training. In this level, the member acquires a technical skill and begins receiving basic training in leadership and management topics. CAP presents study material in pamphlets called Specialty Track Study Guides. Each member, in coordination with the unit commander and unit Professional Development Officer (PDO), selects a specialty based on individual interests and the needs of the unit. Squadron Leadership School (SLS), a formal course, trains squadron-level members to perform their squadron jobs and introduces leadership and management techniques. Level II training also includes the Air Force Institute for Advanced Distributed Learning (AFIADL) CAP Senior Officer Course. CAP requires completion of Level II and time-in-grade for duty performance promotion to the grade of captain. Chapter 4 gives the specific details of Level II training.

c. Level III, Management. Senior members desiring to serve in CAP management positions train at this level. Completion of Level III requires attending a Corporate Learning Course (CLC) and other specialized requirements. CAP requires completion of Level III and time-in-grade for duty performance promotion to the grade of major. Chapter 5 gives specific details of the Level III program.

d. Level IV, Command and Staff. This level concentrates on members desiring to become leaders in CAP. Every wing and region commander, and those members being groomed to replace them, should complete Level IV. CAP requires members to complete Region Staff College (RSC) at this level. Members unable to attend a region staff college may complete the USAF Squadron Officer School (SOS) by correspondence or any of the Professional Military Education (PME) equivalents in Attachment 2. In order to receive a duty performance promotion to the grade of lieutenant colonel, members must complete Level IV and time-in-grade. Chapter 6 gives the specific details of the Level IV program.

e. Level V, Executive. Those performing duty as commanders or staff officers train at this level. This level concentrates on advanced leadership and management subjects. To complete this level, members attend the National Staff College (NSC). Members unable to attend the college may elect to complete the USAF Air Command and Staff College (ACSC) by correspondence or any of the PME equivalents in Attachment 2. Chapter 7 gives the specific details of the Level V program.

NOTE: CAP requires members to earn the awards accompanying the various levels of professional development prior to being recommended for duty performance promotions. See CAPR 35-5, CAP Officer and Noncommissioned Officer Appointments and Promotions, for criteria for special and professional appointments and promotions based on education or mission related skills.

1-3. Professional Development Opportunities.

CAP offers numerous senior member professional development opportunities. These include the Air Force Institute for Advanced Distributed Learning as well as CAP resident courses. Each year the *Civil Air Patrol News* lists national professional development opportunities. Professional Development Officers should give this annual list the widest possible publicity by reviewing it at unit meetings and posting it on the unit bulletin board and encouraging members to attend these activities.

CHAPTER 2—ADMINISTERING THE PROGRAM

2-1. Training.

a. CAP provides numerous senior member training activities. Some, such as the NSC in Level V, directly relate to the Senior Member Professional Development Program. Others, such as emergency services training, develop individual skills that aid CAP in accomplishing its overall mission. All activities supplement and expand upon the formal Professional Development Program and offer members an opportunity to meet other members with mutual interests. Each unit is responsible for ensuring the quality of the training it conducts. In addition, each echelon (NHQ CAP, region, wing, group, etc.) is responsible for monitoring the quality of training within its areas of responsibility, to ensure students have the best learning experiences possible. Quality in this context is defined as:

- 1) The comprehension of course material by students when measured against the objectives for the course.
- 2) Thoroughness of course preparation by the course director and staff.
- 3) The effectiveness of instruction when measured against the learning objectives and teaching instructions.
- 4) Compliance with CAP directives and course guidelines, i.e., instructions for course administration.

b. Training opportunities include:

1) Inland Search and Rescue Course. The USAF conducts this course periodically throughout the year. The curriculum includes all aspects of organization, planning, communications, and operations involving inland search and rescue (SAR). CAP reserves this course for incident commanders/agency liaisons and potential incident commanders/agency liaisons actively involved in unit SAR activities. It is a 5-day course.

- 2) Flight clinics.
- 3) Air Force Rescue Coordination Center CAP SAR Management Course (generally one per year in each region).
- 4) State-held Federal Emergency Management Agency (FEMA) Staff College.
- 5) Air Force Institute for Advanced Distributed Learning:
 - a) CAP Senior Officer Course (CAPSOC)
 - b) Squadron Officer School (SOS)
 - c) Air Command and Staff College (ACSC)
 - d) Air War College (AWC)
- 6) Specialized technical courses (through AFIADL).
- 7) Regional emergency services training.
- 8) Survival courses (winter and summer).
- 9) Various regions' schools.

10) Scholarships. CAP provides scholarship opportunities for senior members working on undergraduate, graduate, and vocational-technical programs. See CAPR 52-16, *CAP Cadet Training Program*, for complete details.

c. The *Civil Air Patrol News* announces national-level events to all units. It outlines the programs available and criteria for attendance. Regions responsible for certain programs announce region-level and wing-level training by letter. Region and wing public affairs officers (PAOs) also publicize such programs.

d. Application procedures and deadlines for application processing are described in paragraph 2-7. Events that require support by USAF airlift require much longer lead times to coordinate requests through CAP-USAF channels.

2-2. Reference Library.

CAP Professional Development Officers should maintain a library of materials used in the Senior Member Professional Development Program. This library should be kept current and maintained separately from the administrative files. Contents should include professional development-oriented material. As a minimum, it should contain CAPP 8, *Test Control Officer Guide to Air Force Institute for Advanced Distributed Learning*; CAPR 50-17; CAPR 35-5, *CAP Officer and Noncommissioned Officer Appointments and Promotions*; CAPR 39-3, *Award of CAP Medals, Ribbons, and Certificates*; and CAPR 50-4, *Test Administration and Security*; all senior member specialty track study guides; and the senior member handbook. The senior member handbook is sent to all new senior members and is available from the CAP Bookstore. It includes CAPM 39-1, *CAP Uniform Manual*; CAPP 50-5, *Introduction to CAP*; CAPP 151, *Standards, Customs, and Courtesies*; NHQ CAP Safety Letter; Senior Member Professional Development Diagram; and CAPP 50-6, *Cadet Protection Policy and Program for Parents and Leaders*. In addition, each wing should have the current *Air Force Institute for Advanced Distributed Learning (AFIADL) Catalog* (available only on the Internet at www.au.af.mil/au/afiadl). Other helpful materials include Federal Aviation Administration (FAA) publications pertaining to CAP and training materials from the American Red Cross, Federal Communications Commission, FEMA, and the USAF.

2-3. Testing.

CAP does not centrally control testing. CAP administers testing in accordance with CAPR 50-4, *Test Administration and Security*, and the regulation prescribing each test. Each CAP unit commander designates a test control officer (TCO) on a CAPF 53, sending one copy to NHQ CAP/CP, one copy to the wing and keeping a copy on file at the unit. The unit TCO appoints alternate TCOs by letter. TCOs and alternates must be at least 21 years old. Commanders, regardless of their level of command, cannot serve in the dual capacity of commander and testing officer or alternate. All TCOs handle course examinations and test materials according to CAPR 50-4.

2-4. Records Management.

a. The CAPF 45, *Senior Member Master Record* (Attachment 3), contains the senior member's master personnel record, mission training record, emergency services participation record, and aircrew training/evaluation check record. The unit personnel officer, with input from the other functional officers, maintains this multipurpose form. However, the personnel officer may delegate this duty to other officers. In the case of Senior Member Professional Development records, the personnel officer may delegate this duty to the Professional Development Officer, at the discretion of the unit commander.

b. Members use CAPF 45b, *Senior Member Professional Development Record* (Attachment 4) for recording progress in the five levels of the Senior Member Professional Development Program. The unit Professional Development Officer maintains this record.

c. After units record senior member professional development data, the professional development officer updates specialty training tracks on the unit Professional Development Report (PDR) (Attachment 5). To update other data on the Professional Development Report, members should submit a copy of the respective CAPF 11, *Civil Air Patrol Senior Member Professional Development Program Director's Report* (Attachment 6), or a copy of the course certificate.

2-5. Criteria for Awards.

Although the administrative management for these awards rests with the National Headquarters Chief of Professional Development, unit commanders ensure that individuals have successfully completed all requirements for an award.

a. Awards motivate members. Leaders should present these awards in a timely manner to stimulate members to further attainment. CAP recommends the procedure (to the right) for award presentations.

AWARD	LEVEL	PRESENTING OFFICIAL
Membership	Squadron	Unit Commander
Leadership	Squadron	Unit Commander
Certificate of Proficiency	Squadron	Unit Commander
Grover Loening	Wing	Wing Cmdr or Designee
Paul E. Garber	Wing	Wing Cmdr or Designee
Gill Robb Wilson	See Chapter 7	See Chapter 7

b. Unit commanders have the approval authority for award of the CAP Membership Award, Leadership Award, and the Certificate of Proficiency.

c. Individual members purchase ribbons for the Membership and Leadership Awards from the CAP Bookstore.

d. NHQ CAP/ETP provides certificates, ribbons, and devices for the remaining awards.

e. Members submit applications for awards on CAPF 24, *Application for Senior Member Professional Development Awards* (Attachment 7). Documentation (certificates, diplomas, etc.) need not be attached if the Professional Development Report shows completion of requirements. A member submitting an application for an award whose achievements do not appear on the Professional Development Report must attach copies of supporting documents. NHQ CAP/ETP returns applications not supported by Professional Development Report entries or documentation.

f. The next higher commander in the chain of command approves professional development accomplishments for commanders.

2-6. Professional Development Report (PDR).

CAP intends the *Professional Development Report* (Attachment 5) to serve as a management tool for unit Professional Development Officers, CAP commanders, and for National Headquarters to track and determine training requirements. The report lists each CAP unit and reflects the current status of senior members within each unit. The body reflects the member's status in professional development and certain other data maintained in the computer. National Headquarters updates and publishes the PDR every 2 months. Each unit (region, wing, group, squadron, etc.) receives two copies of their respective PDR. One copy is retained as a file copy and the unit's Professional Development Officer returns the other to NHQ CAP/ETP for computerized record updates. If required, higher level Professional Development Officers request PDRs directly from their subordinate units, or download from the CAP web page. **DO NOT RETURN THE PDR TO NHQ CAP/ETP IF THERE ARE NO CHANGES TO BE MADE.**

a. General Guidance:

- 1) Only update specialty track data on the PDR.
- 2) The PDR shows three specialty track codes. Record all other specialty tracks on CAPF 45b, *Senior Member Training Record* (Attachment 4).
- 3) National Headquarters requires a CAPF 11 or certificate of completion to change any other professional development information.
- 4) Submit all personnel actions (CAPID number, name, grade, death, retirement, etc.) to NHQ CAP/DPP as required by personnel directives. Do NOT change other items on the PDR.
- 5) Do NOT enter new member names on the National Headquarters copy of the PDR. Units must submit CAPF 12, *Application for Senior Membership in Civil Air Patrol*, to NHQ CAP Membership Services (DPP) for each member for inclusion on the next PDR. Do not delete names due to transfer, death, or termination. These actions are covered in CAPM 39-2, *Civil Air Patrol Membership* (transfers); CAPR 35-2, *Notification Procedures in Case of Death, Injury, or Serious Illness* (deaths); or CAPR 35-3, *Membership Termination* (terminations).

b. Specific Instructions:

- 1) The unit Professional Development Officer compares data with the previously updated report and each individual's CAPFs 45 and 45b (Attachments 3 & 4) to ensure that prior updates have been incorporated.
- 2) NHQ CAP/ETP uses the CAPF 11 to update completion data for the Orientation Course, CPPT, SLS, CLC, RSC, and NSC. Additionally, when a member completes Levels II - V, NHQ CAP/ETP enters the award data upon receipt of CAPF 24 (Attachment 7). NHQ CAP/ETP updates the AFIADL CAP Senior Officer Course completion with data provided by AFIADL.
- 3) The Professional Development Officer makes specialty track changes to the PDR. Write specialty track changes **in red** under the appropriate heading. For example, a member entering the Personnel training track (200) has the word, "Personnel" written under the heading, "Level II – Specialty Track Rate." When the member completes the requirements for Technician level, change the entry to read, "Personnel, Technician." Change the codes to read, "Personnel, Senior," and "Personnel, Master" – as the member progresses further. **Do not** type changes or deletions. Typed entries are difficult to see in scanning the printout for changes.
- 4) Enter specialty track changes or deletions **in red** to the immediate right of data to be changed/deleted. For example, when a member achieves the personnel senior rating, mark through "technician" and enter "senior" immediately to the right and on the same line, under "RATE." Always enter the **three** highest specialty tracks and ratings.
- 5) Do not write explanatory notes or questions on the PDR. Extra wording and lines obscure the changes.
- 6) The unit commander must sign the corrected PDR to certify specialty track changes indicated on the report. Return one copy of the **UPDATED** PDR to NHQ CAP/ETP, 105 South Hansell Street, Maxwell AFB AL 36112-6332, to ensure arrival not later than 15 days prior to the next reporting period. Retain a copy of the corrected PDR until receipt of the next report.
- 7) **Level I.** The "ORIENT" entry denotes completion of the Orientation Course or exemption (see paragraph 3-1). The "CPPT" entry denotes completion of Cadet Protection Program Training. NHQ CAP/ETP enters this information upon receipt of the CAPF 11, Director's Report (Attachment 6). Month and year of training will appear on the PDR.
- 8) **Level II–Certificate of Proficiency (COP).** Upon receipt of the CAPF 11 or a copy of the course certificate, NHQ CAP/ETP enters under "SLS" the year in which the member completed Squadron Leadership School. Enter specialty track information **in red** on the PDR copy returned to NHQ CAP/ETP. NHQ CAP/ETP enters completion of CAP Senior Officer Course (CAPSOC) from data supplied by AFIADL. When applying for the COP, members should attach a copy of AFIADL Form 9 confirming completion of CAPSOC if completion has not been reflected on the PDR. Certain military training is accepted as equivalent to the CAPSOC (see Attachment 2). Appropriate documentation of the training is required in order for NHQ CAP/ETP to grant the equivalency. NHQ CAP/ETP issues a Certificate of Proficiency upon receipt of CAPF 24 from the unit commander. "CERT PROF" entry lists the year of award completion.
- 9) **Level III–Grover Loening Aerospace Award.** Upon receipt of the CAPF 11 or a copy of course certificate, NHQ CAP/ETP enters the year of CLC completion under "Level III, CLC." The unit **PDO** requests the Loening Award on CAPF 24, which is approved the unit commander. The request is then sent to wing headquarters for review by the **wing DPD** and then approved by the wing commander. The request is then forwarded to NHQ CAP/ETP for processing. NHQ CAP/ETP lists the year of the award under the "COMP" entry.

10) Level IV--Paul E. Garber Award. Upon receipt of CAPF 11 or a copy of course certificate, NHQ CAP/ETP enters under "Level IV, RSC" the year of RSC completion. The unit commander requests the Garber Award on CAPF 24 through the wing commander and forwards the request to NHQ CAP/ETP for processing. NHQ CAP/ETP lists the year of award completion under the "COMP" entry.

11) Level V--Gill Robb Wilson Award. Upon receipt of CAPF 11 or copy of course certificate, NHQ CAP/ETP enters under "Level V, NSC" the year of NSC completion. The unit commander requests the Wilson Award on CAPF 24 endorsed by the wing commander and region commander. The commander forwards the request to NHQ CAP/ETP for processing. NHQ CAP/ETP lists the year of award completion under the "COMP" entry.

12) Professional Military Education. NHQ CAP/ETP enters, under the appropriate heading, the year of course completion when it receives appropriate documentation.

2-7. Qualification Criteria and Application Procedures for Senior Member Professional Development Activities.

a. CAP National Headquarters and CAP regions and wings annually sponsor a variety of schools and activities designed to increase the proficiency of senior members. The *Civil Air Patrol News* announces general information pertaining to schools and activities. Other information reaches members via the radio net (see CAPR 100-1, Vol I, *Communications*), CAP web pages, and newsletters. The Professional Development Program is designed to prepare senior members for immediate duty. Therefore, while cadets in good standing who meet the prerequisites may attend a professional development activity, space permitting, they will not receive credit for attendance as a senior member.

b. Enrollment Procedures:

1) Enrollment in CAP senior activities is on a voluntary basis.

2) The applicant completes CAPF 17, *Application for Senior Member Activities* (Attachment 8), and the unit commander approves the application. *Note: Use of the CAPF 17 is optional at the discretion of the activity director.*

a) Submit applications for wing-level and region-level activities in accordance with local procedures.

b) The course announcement provides the procedures and processing instructions for applications for national-level activities.

3) Applications for National Staff College:

a) Refer to Chapter 7, paragraph 7-2 for eligibility criteria. Members complete CAPF 17, *Application for Senior Member Activities*, following the instructions on the form. The unit retains a file copy and forwards the original to the respective wing commander no later than 75 days before NSC start date.

b) Wing commanders make recommendations on the CAPF 17, retain a copy, send an **information** copy to their region, and forward the original approved forms to NHQ CAP/ETP no later than 45 days before NSC begins. NHQ CAP/ETP consolidates applications and ensures fulfillment of eligibility criteria. The course director furnishes a final list of selectees not later than 30 days before NSC begins.

c. Staff Duty Assignments. Members seeking staff duty must obtain approval from their immediate commanders to serve in the respective activity. Coordinate letters of application for staff duty, including the position desired, through the chain of command to the director (or project officer where applicable) of the respective activity no later than the notification date set by the activity.

2-8. Support Procedures.

Air Force installations are authorized and encouraged, but not required, to support CAP professional development activities. (See AFPD 10-27, *Civil Air Patrol*, and AFI 10-2701, *Organization and Function of The Civil Air Patrol*.) Follow the guidelines below to facilitate CAP requests for assistance:

a. Submit initial requests for base support through the Air Force liaison system to the host DoD installation commander (i.e., through the CAP wing liaison office for wing activities, the liaison region LR/DT for region activities, and CAP-USAF/ET for national activities).

b. After a base has committed to support a CAP activity, the CAP representative works directly with the base project coordinator. Submit requests for specific support to the base project coordinator who requests and coordinates support from the appropriate base staff agency.

CHAPTER 3—LEVEL I, ORIENTATION

3-1. Participation.

CAP requires senior members to complete Level I training prior to receiving any assigned duty position in the unit, working with cadets, being allowed to wear the Air Force-style CAP uniform, becoming eligible for promotion, or enrolling in AFIADL courses. CAP allows *exceptions* for the following:

a. Former CAP cadets transferring to senior member status, provided they earned the Mitchell Award or higher and have less than a 2-year membership break prior to assuming senior member status. However, they still must complete Cadet Protection Program Training (CPPT). In this case, units must notify NHQ CAP/ETP with substantiating documentation. A fingerprint card must also be submitted to NHQ CAP/DPP at the time of application for senior membership.

b. Former CAP members who have completed Level I training (orientation and CPPT) and have less than a 2-year membership break.

c. Patron members.

d. Aerospace education members.

NOTE: For details on membership categories see CAPM 39-2, Civil Air Patrol Membership.

3-2. Level I Program.

This level consists of the Orientation Course and Cadet Protection Program Training. The intent of Level I training is to provide new members the information they need to begin their service to CAP successfully.

3-3. Orientation Course Objectives.

This course is based on videotape and instructor presentations and should, at a minimum, run for 4 hours. Course directors are encouraged to use supplementary material, especially information on the local unit, to expand the course. After completing the Orientation Course, the new senior member should be able to:

- a. Describe the CAP mission, purpose, and programs.
- b. Explain the CAP chain of command and CAP's regional divisions.
- c. Differentiate between CAP corporate structure and the USAF structure of National Headquarters.
- d. Recognize CAP senior member and cadet insignia.
- e. Wear all items of the basic uniform and insignia correctly.
- f. Observe correct CAP/military customs and courtesies and protocol.
- g. Demonstrate basic knowledge of the following items:
 - 1) The origin and historic highlights of CAP.
 - 2) The five levels of the Senior Member Professional Development Program.
 - 3) The CAP Cadet Program.
 - 4) The senior member's responsibility to set the example for cadets in dress and conduct.
 - 5) The types of publications which inform and direct CAP members.
 - 6) The benefits of senior membership in CAP.
 - 7) The history, mission, and operations of the local unit.
 - 8) The core values of the US Air Force and CAP.
 - 9) CAP policy on discrimination and sexual harassment.

3-4. Cadet Protection Program Training (CPPT).

This training is intended to increase awareness of child abuse for senior members and cadets 18 and over, thereby reducing the potential for physical, emotional, and sexual abuse of cadets. CAP requires CPPT for all CAP senior members. Members will not work with cadets or receive promotions without this training. In addition, cadets must complete CPPT within 6 months following their 18th birthday or if a promotion is due during that 6-month period, then prior to receiving the promotion. The CAPF 11 is used to certify completion of this requirement and is submitted to NHQ CAP/ETP for processing.

3-5. Cadet Protection Program Training Objectives.

After completing this training, members should be able to:

- a. Recall the definition, categories, and signs of child sexual and drug abuse.
- b. Summarize the “zero tolerance” child and drug abuse policies of CAP.
- c. Explain the CPPT response and reporting procedures.
- d. Recognize situations of abuse and the appropriate responses to the situation.

3-6. How Conducted.

Commanders should ensure that regions, wings, groups, and squadrons offer Level I training at least once each quarter for new members.

a. Level I Training. Some units may desire to conduct Level I training over a short series of weekly classes in conjunction with other weekly meetings. Others may prefer to complete the program in one training day. CAP leaves methods employed and sequence of the material up to the commander's discretion.

b. Course directors and instructors must ensure the objectives for the Orientation Course and CPPT listed above in paragraphs 3-3 and 3-5 are covered. The instructor guides provide specific and detailed instructions for presenting each course.

c. End-of-Course Quiz. A 50-question quiz closes out the Level I Orientation Course. The quiz is found in the orientation course instructor materials. The quiz is a comprehensive review and is a mandatory part of the course. There is no "pass/fail" score; however, student responses should be critiqued to 100% accuracy during the quiz review to clear up any misunderstandings.

3-7. Membership Award Ribbon.

Completion of Level I training makes the new member eligible for the CAP Membership Award ribbon. Units should complete CAPF 2a, *Request for and Approval of Personnel Actions* (Attachment 9), which requests authorization for wear of the Membership ribbon. Include in Block VII the name of the award and the date of Level I training completion. The unit Professional Development Officer signs the requester signature block. The unit commander approves these forms.

NOTE: Completion of Level I and 6 months time-in-grade as a senior member satisfies the training requirements for duty performance promotion to second lieutenant (see CAPR 35-5).

3-8. Reporting.

The course director must forward the CAPF 11, *CAP Senior Member Professional Development Program Director's Report* (Attachment 6), and course critiques to NHQ CAP/ETP within 7 days of course completion. Failure to do so could have a detrimental effect on promotions or other personnel actions. A copy of the CAPF 11 should be sent to the Professional Development Officer who ensures entry of the date and method of completion of Level I on the individual's CAPF 45b (Attachment 4). Additionally, the Professional Development Officer then sends a copy of the CAPF 11 to the wing DPD. If desired, wings may require directors to furnish a copy to region and/or group.

NOTE: The Orientation Course is not designed to be used as a recruiting tool. Further, while non-CAP members may attend the Orientation Course, they should not be listed on the Director's Report.

3-9. Orientation Program Certificate.

Upon completion of the Orientation Course and Cadet Protection Program Training, members are eligible to receive the CAPC-13, *Civil Air Patrol Orientation Program Certificate*. Instructors or course directors should order sufficient quantities of this certificate using CAPF 8, *Requisition for Publications and Blank Forms* (Attachment 10), to be able to present the certificate to members upon completion of the final requirement of Level I training.

CHAPTER 4—LEVEL II, TECHNICAL TRAINING

4-1. Technical Training.

This training provides opportunities to learn new skills for CAP and for individual growth and leadership. Criteria for completion of this level include:

- a. Completion of Level I training.
- b. Attainment of technician rating in a CAP specialty track.
- c. Completion of CAPSOC (AFIADL 00013 correspondence course).
- d. Completion of Squadron Leadership School (SLS).

4-2. Specialty Track Training.

Except for professionals in law or medicine who join specifically to perform these functions, members select specialty tracks based on their personal interests and the unit's need, as determined by the unit commander.

- a. Three primary factors the unit commander should consider in making the initial selection include:
 - 1) Member's current duty position.
 - 2) Unit manning requirements.
 - 3) Individual's capabilities, interests, and achievements.
- b. Current specialty track codes are:

200 Personnel	215 Aerospace Education
201 Public Affairs	216 Cadet Programs
202 Finance	217 Safety
203 Inspector General	218 Plans and Programs
204 Professional Development	219 Legal
205 Administration	220 Health Services
206 Logistics	221 Chaplain
210 Flight Operations	222 Commander designation (see Note)
211 Operations	223 Historian
212 Standardization-Evaluation	225 Moral Leadership
213 Emergency Services	226 Recruiting and Retention Officer
214 Communications	

NOTE: Specialty code (222) is only used to designate personnel in command positions and is not a specialty training track. Commanders must have a separate specialty training track to progress in duty performance promotions and in the professional development program.

c. After selecting a specialty, the member orders the appropriate study guide from the CAP Bookstore and/or training course from the Air Force Institute for Advanced Distributed Learning. Contact the unit or wing test control officer to enroll in the AFIADL course. Typically, the study guide directs the member's self-study and on-the-job training (OJT) through the three skill ratings in the specialty (i.e., Technician-1, Senior-2, or Master-3). Each specialty track identifies appropriate schools, courses, and suggested readings. Concurrently, the member should have a trainer assigned to assist in applying information learned to actual job performance. For the member to receive credit for specialty track training, make a red pen-and-ink update to the Professional Development Report (PDR) (Attachment 5); have it signed by the unit commander and mail to NHQ CAP/ETP.

d. Each specialty track has an assigned code number used for entering the data on the PDR. The code number usually relates directly to the number assigned to the training material for that particular track. Some specialties such as operations officer may require completion of training from a combination of several specialty tracks.

e. The professional fields of law and medicine (219 and 220) do not have study guides. These positions have only a position code number. Promotion criteria for these members are outlined in CAPR 35-5, *CAP Officer and Noncommissioned Officer Appointments and Promotions*. Members of these professions may enter any of the other training tracks desired using the training guide for those specialties.

f. When a member achieves proficiency in all the requirements for the technician, senior, or master rating, the member and trainer coordinate with the Professional Development Officer and the unit commander to enter the appropriate rating on both the member's master record, CAPF 45b (Attachment 4), and the unit's PDR. The unit commander approves by initialing the CAPF 45b. Progression in the Senior Member Professional Development Program completes eligibility requirements for duty-performance promotion, provided the member has met all requirements of CAPR 35-5.

4-3. Leadership Award Ribbon.

Successful completion of the technician level of the specialty track makes the member eligible for the CAP Leadership Award ribbon. (CAP also authorizes the Bronze Star attachment to the ribbon for completion of the senior rating, and the Silver Star for completion of the master rating.) Request authorization for wear of the ribbon on the CAPF 2a (Attachment 9). Include in Block VII the name of the award, date unit commander approved technician rating, and the specialty track number. The unit Professional Development Officer signs the requester signature block. The unit commander has approval authority. The member may then purchase the ribbon from the CAP Bookstore.

4-4. Mission-Related Skills.

CAP makes provisions to recognize certain mission-related skills, which a person brings to CAP, e.g., appointments relating to pilots, FAA certified mechanics, and communicators (see CAPR 35-5 for details). In determining Level II technical specialty rating, the unit commander considers the individual's experience. Leadership should encourage these members to participate in an appropriate functional specialty training track. If, however, individuals enter into a specialty track for which they do not have any background, they should enroll in training that results in award of the technician level of the specialty, regardless of their rank.

4-5. CAP Senior Officer Course (CAPSOC) (AFIADL Course 00013).

The CAPSOC provides study in areas essential to becoming an effective leader in CAP, e.g., communications, leadership, and management. Since CAP deems this course necessary for career development, any CAP senior member who has completed Level I may apply. CAP members who have completed a Professional Military Education (PME) school equivalent to the CAPSOC may use this equivalent as a substitute (see Attachment 2). Under certain conditions cadets may also enroll in CAPSOC (see CAPR 52-16 for details).

4-6. Squadron Leadership School (SLS).

The Squadron Leadership School (SLS) is designed to (1) enhance a senior member's performance at the squadron level and (2) to increase understanding of the basic function of a squadron and how to improve squadron operations. Prerequisites for attendance are completion of Level I and enrollment in one or more specialty tracks.

a. Objectives. Upon completion of the school, members should be able to:

- 1) Explain the correct way to wear all CAP uniforms.
- 2) Summarize weight and grooming standards.
- 3) Conduct a uniform inspection within the squadron.
- 4) Demonstrate proper courtesies to the flag and to other CAP and military personnel.
- 5) Identify the functions of squadron positions.
- 6) Explain how a squadron is organized and how the staff relates to each other, groups, and the wing.
- 7) Explain how the CAP mission elements are implemented and performed at the squadron level.
- 8) Determine ways to enhance squadron programs.
- 9) Demonstrate the ability to conduct a military-style briefing.
- 10) Write a military-style memorandum.
- 11) Explain the CAP corporate policy on nondiscrimination and sexual harassment.
- 12) Describe the need for core values in the CAP squadron.

b. How Conducted. Each CAP wing should conduct at least one SLS annually. Failure to do so deprives members of the opportunity to progress in training. Either the wing or region should conduct the SLS. The course is designed for 2 training days of no less than a total of 12 hours of instruction. Training can be spread out over several meetings so long as the 12 hours of instruction requirement is met. No less than 6 hours of instruction should be spent on the three mission elements. Active duty, Reserve, and National Guard military members with teaching experience may augment the faculty for this course.

c. Funding. Each fiscal year, CAP allocates funds for support of SLS. Contact NHQ CAP/ETP for the amount. When NHQ CAP/ETP receives a CAPF 11, *CAP Senior Member Professional Development Program Director's Report* (Attachment 6), from the SLS course director, signed by the wing commander, ETP mails a check to the wing commander.

NOTE: Some wings may hold more than one SLS per year; however, only one SLS is funded.

d. Planning. CAP wing commanders appoint a director for each SLS. The director should have completed the SLS as a student (additional experience as an instructor is preferred) prior to appointment as a director. Each SLS director must request course materials using CAPF 46, CAP Professional Development Course Materials Order Form (Attachment 11)

from NHQ CAP/ETP, at least 45 days in advance of the course. CAPF 46 is available electronically at <http://www.capnhq.gov/documents/webregulations/fmsweb.htm>. Failure to do so may result in materials arriving late.

e. Reporting. The SLS course director must forward the CAPF 11 and course critiques through the wing commander or their designee (designee cannot be the course director) for signature within 7 days of course completion. Subsequently, the endorsed CAPF 11 and course critiques should arrive at NHQ CAP/ETP not later than 14 days after course completion. A copy of the signed CAPF 11 will also be sent to the region DCS/PD. Failure to expedite the CAPF 11 could have a detrimental effect on promotions or other personnel actions.

4-7. Certificate of Proficiency.

Completion of Level II results in the award of the Certificate of Proficiency. Upon completion of all Level II training requirements, the unit's Professional Development Officer records the data on the member's CAPF 45b (Attachment 4). Additionally, the unit Professional Development Officer completes CAPF 24 (Attachment 7), Item 8; the unit commander signs the form, retains a copy, and forwards the original to NHQ CAP/ETP. Chaplains participating in the regular Professional Development Program should also apply for the award by submitting a CAPF 24 and may substitute Chaplains Course 221 for the SLS. NHQ CAP/ETP mails the Certificate of Proficiency to the unit for subsequent presentation by the unit commander.

NOTE: Completion of the technician's rating of any specialty track and 12 months time-in-grade as a second lieutenant or TFO (or combination of the two) satisfies the training requirement for duty performance promotion to first lieutenant. Completion of Level II with 18 months time-in-grade as first lieutenant or SFO (or combination of the two) satisfies the training requirements for duty performance promotion to captain (see CAPR 35-5).

4-8. Yeager Award Seal.

Senior members who elect to complete the requirements for the Brigadier General Charles E. "Chuck" Yeager Aerospace Education Achievement Award before or during Level II training are eligible to receive a special Yeager Award embossed seal affixed to their Certificate of Proficiency. To receive the seal, Section 8e must be completed on CAPF 24. Details for earning the Yeager Award may be found in CAPR 280-2, *Civil Air Patrol Aerospace Education Mission*.

CHAPTER 5—LEVEL III, MANAGEMENT

5-1. Management.

CAP designed professional development at this level for senior members serving as squadron, group, or wing commanders and for staff officers. Criteria for completion of this level include:

- a. Complete Level II training.
- b. One year of experience in a command or staff position.
- c. Attain the senior rating in any specialty track.
- d. Attend two wing, region, or national conferences. These conferences afford CAP members a broad view of the CAP corporation's organization and expose them to the issues confronting CAP. The National Congress on Aviation and Space Education and a region/wing aerospace education conference are credited as conferences. Conferences attended prior to entry into Level III count toward fulfillment of this requirement.
- e. Complete the Corporate Learning Course (CLC).

5-2. Bronze Star for Leadership Ribbon.

Successful completion of the senior rating in a specialty track results in award of the Bronze Star for the Leadership Award ribbon (CAPR 39-3). Request authorization on CAPF 2a (Attachment 9). Include in Block VII the name of award achievement, date unit commander approved senior rating, and the specialty track number. The unit Professional Development Officer signs as the requester. The unit commander holds approval authority. The member may then purchase the ribbon bronze star device from the CAP Bookstore.

5-3. Corporate Learning Course (CLC).

After completing the Squadron Leadership School and learning about squadron operations, senior members should attend the Corporate Learning Course (CLC). The term "corporate" in the title of this course refers to CAP's status as a nonprofit humanitarian corporation chartered by the United States Congress in 1946. Accordingly, wing-level operations carry out the major duties and responsibilities of the corporation for each state, the District of Columbia, and Puerto Rico. The CLC is designed to explain how a wing operates in each of CAP's major mission elements and how mission support functions support these mission elements. Armed with this knowledge, senior members can learn how they and their respective organizations can best support the wing and fulfill the corporate role of CAP.

- a. **Objectives.** Upon completion of the course, members should be able to:
 - 1) Identify the function of the three mission elements of the wing.
 - 2) Explain how the wing operates to carry out the Aerospace Education mission.
 - 3) Explain how the wing operates to carry out the Cadet Programs mission.
 - 4) Explain how the wing operates to carry out the Emergency Services mission.
 - 5) Explain how the mission support functions support the three mission elements of the wing.
 - 6) Analyze situations where core values impact the operation of the wing.

- b. **Mission Support Functions:**

Administration	Supply	Public Affairs
Personnel	Legal	Chaplain
Safety	Insurance	Other
Inspection	Finance	
Logistics	Professional Development	

- c. **How Conducted.** Wings should conduct a CLC at least once a year. The course consists of 2 training days of no less than 12 total hours of instruction. Training can be spread out over several meetings so long as the 12 hours of instruction requirement is met. CLC course directors are encouraged to be flexible in covering the mission support functions using a combination of instructional methods and media. However, no less than 6 hours of instruction should be spent on the three mission elements.

- d. **Funding.** Each fiscal year, CAP allocates funds for support of CLCs. Contact NHQ CAP/ETP for the amount. When NHQ CAP/ETP receives a CAPF 11, *CAP Senior Member Professional Development Program Director's Report* (Attachment 6), from the CLC course director, signed by the wing commander, ETP mails a check to the wing commander.

NOTE: Some wings may hold more than one CLC per year; however, only one CLC is funded.

e. Planning. CAP wing commanders appoint a director for each CLC planned. The director should have completed the CLC as a student (additional experience as an instructor is preferred) prior to appointment as a director. The CLC director must request the CLC course material from NHQ CAP/ETP, using CAPF 46, *CAP Professional Development Course Materials Order Form*, at least 45 days in advance. CAPF 46 is available electronically at <http://www.caphq.gov/documents/webregulations/fmsweb.htm>. Failure to do so may result in materials arriving late.

f. Reporting. The CLC course director must forward the CAPF 11 and course critiques through the wing commander or their designee (designee cannot be the course director) for signature within 7 days of course completion. Subsequently, the endorsed CAPF 11 and course critiques should arrive at NHQ CAP/ETP not later than 14 days after course completion. A copy of the signed CAPF 11 will also be sent to the region DCS/PD. Failure to expedite the CAPF 11 could have a detrimental effect on promotions or other personnel actions.

5-4. Grover Loening Aerospace Award.

Successful completion of Level III professional development makes the CAP member eligible for the Grover Loening Aerospace Award. Upon completion of all Level III requirements, the unit's Professional Development Officer records the data on the member's CAPF 45b (Attachment 4). The unit Professional Development Officer completes Item 9 of the CAPF 24 (Attachment 7). Chaplains participating in the regular Professional Development Program should also apply for the award by submitting a CAPF 24 and may substitute Chaplains Course 221A for the CLC. The unit commander signs the form, retains a copy, and sends the original to wing headquarters for the wing commander's approval and signature. The wing forwards the original to NHQ CAP/ETP. When approved, NHQ CAP/ETP sends the certificate and ribbon to the wing commander for presentation to the member.

NOTE: Completion of Level III professional development with 3 years time-in-grade as a captain satisfies the requirements for duty performance promotion to major. (See CAPR 35-5, CAP Officer and Noncommissioned Officer Appointments and Promotions.)

CHAPTER 6—LEVEL IV, COMMAND AND STAFF

6-1. Command and Staff.

CAP designed this level for members who desire to become high-level leaders in CAP. Criteria for completion of this level include:

- a. Complete Level III professional development.
- b. Attain a master rating in any specialty track.
- c. Complete **one** of the following:
 - 1) Prepare and deliver a CAP-related presentation to a non-CAP group.
 - 2) Conduct a hands on unit aerospace education program, or an external aerospace education classroom program.
 - 3) Earn the Yeager award.
- d. Complete Region Staff College (RSC) or its approved PME equivalent (Attachment 2).
- e. Occupy a command or staff position for a total of 2 years of service to CAP.
- f. Serve as a staff member at a national, region, or wing conference, **or** serve as a staff member at a SLS, CLC or Unit Commanders Course (UCC). **Note:** The Unit Commanders Course is a 16-hour course that introduces prospective new unit commanders to the traits and skills needed to effectively manage their units. For further information and course materials contact NHQ CAP/ETP via phone, fax, e-mail or mail.

6-2. Silver Star for Leadership Ribbon.

Successful completion of the master rating in a specialty track results in award of the silver star (in place of the bronze star) for the Leadership Award ribbon (CAPR 39-3). Apply for authorization on CAPF 2a (Attachment 9). Include in Block VII the name of award achievement, date unit commander approved the master rating, and the specialty track number. The unit Professional Development Officer provides requester signature. Approval authority belongs to the unit commander. The member may then purchase the ribbon silver star device from the CAP Bookstore.

6-3. Region Staff College (RSC).

Region Staff College is the formal in-residence course required for completion of Level IV professional development. It prepares selected CAP officers to better execute the duties and responsibilities associated with CAP command and staff positions at squadron level and above. CAP officers who have completed Level III professional development and who hold command or staff positions are eligible to attend the RSC.

NOTE: When warranted, region commanders may permit attendance at Region Staff College prior to completion of Level III professional development. The written waiver from the region commander should be sent from the region commander to the RSC director prior to the start of the course.

- a. **Objectives.** Upon completion of the course, members should be able to:
 - 1) Deliver a CAP-oriented oral presentation (speech, lecture, briefing) lasting at least 10 minutes using a clear organizational pattern and adequate supporting material.
 - 2) Demonstrate effective writing skills and use of proper written formats.
 - 3) Perform effectively as a group member in the problem-solving process.
 - 4) Apply current management theory to human relations situations.
 - 5) Recognize leadership problems and determine solutions through group discussion.
 - 6) Demonstrate the ability to plan, conduct, and direct meetings, conferences, and professional development courses.
 - 7) Demonstrate a personal and professional commitment to the core values strategy.
- b. **Time Requirement.** Each RSC lasts for a minimum of 40 instructional hours.
- c. **Curriculum.** The basic RSC will include:
 - 1) Interpersonal Communications:
 - a) Organizing to communicate
 - b) Supporting ideas
 - c) Logical thinking
 - d) Preparing and presenting a 10-minute speech
 - e) Effective listening
 - 2) Group Communications:
 - a) Group problem solving
 - b) Group dynamics (process)
 - c) Human relations and discrimination

- 3) Written Communications:
 - a) Effective writing skills
 - b) Familiarity with correspondence formats used by CAP and the USAF
- 4) Management:
 - a) Functions of management
 - b) Principles of organization
 - c) Study of current theories of management
- 5) Leadership:
 - a) Theory
 - b) Problem solving
 - c) How the CAP mission is accomplished within the region, i.e., Emergency Services/Counterdrug, Aerospace Education, and Cadet Programs
- 6) Conference/Training Techniques:
 - a) Teaching members to plan and conduct meetings
 - b) Setting up wing/region conferences
 - c) Directing a CAP SLS/CLC/UCC course

d. Funding.

1) National Headquarters partially funds the RSC at \$125 per student. ETP will send start-up funding of \$1,250 upon receipt of a Letter of Intent to conduct a college. This Letter of Intent implies that the RSC director is expecting a class of at least 10 students (10 students @ \$125 each = \$1,250). The letter for initial funding should be sent at least 90 days in advance of the start date. Also, if requested prior to the college start date, ETP will send additional funding of \$125 per student based on the RSC director's estimated final class size. Maximum funding available for each RSC is \$3,500 (a maximum of 28 students will be funded at \$125 each for a total of \$3500).

2) After the college is conducted, the RSC director will forward a CAP Form 11, *Civil Air Patrol Senior Member Professional Development Program Director's Report*, to NHQ CAP/ETP, listing the students who actually attended. If the RSC director underestimated the actual class size, ETP will send additional funding of \$125 per student. If the RSC director overestimated the class size, the RSC director will reimburse NHQ CAP/ETP at \$125 for each non-attende. However, in the event that less than 10 students attended, no portion of the initial \$1,250 start-up funding is subject to the refund process. Only that portion of total funding in excess of the original \$1,250 is subject to refund to ETP. If the school is cancelled, all funding will be returned to NHQ CAP/ETP.

Examples: ETP sends \$3,125 in total advance funding for a RSC estimated to have 25 students ($125 \times 25 = \$3125$).

---If, the actual student count is 20, versus 25 estimated, the region will reimburse National Headquarters \$625 ($125 \times 5 = \625) for the 5 students who did not attend as originally estimated and funded).

---If the actual count is 28, versus 25 estimated, the National Headquarters will send an additional \$ 375 to ensure the maximum finding of \$3,500 is paid ($28 \times 125 = \$3,500$). Additional funding will not be paid for a student populace that exceeds 28 students. These expenses, if any, will have to be absorbed by the college.

---If the actual student count is 7, versus 25 estimated, the college must reimburse National Headquarters. However, since the college is not financially penalized for a student body of less than 10, the start-up funding of \$1250 ($125 \times 10 = \1250) is not affected. Reimbursement of \$125 per student absentee pertains only to each vacancy above the 10-student baseline. In this case, reimbursement must be paid for the 15 absentee students above the financially protected baseline populace of 10 (anticipated class of 25 minus the baseline populace of 10 equals 15 accountable absences). Therefore, the National Headquarters is due \$1875 ($15 \times \$125 = \1875).

Note: Regions that have been overpaid for RSC attendance should attach the reimbursement check to the CAPF 11, with a check payable to NHQ CAP Region Staff College Account. The director's report and reimbursement (if required) should be forwarded not later than 30 days after the last day of the college.

e. Planning:

1) The region commander appoints a director to select a site and to select a faculty and staff drawn from the ranks of qualified CAP members, active military members, reservists, National Guard members, and professional educators. The director appoints a curriculum coordinator who develops the curriculum following the guidelines provided in paragraph 6-3. The director will forward a copy of the curriculum to NHQ CAP/ETP to review for conformity with paragraph 6-3. NHQ CAP/ETP will supply the course director with a Regional Staff College Director's Handbook to facilitate planning. This guide is also available online at http://www.capnhq.gov/nhq/aeroed/AE_Web_Page/Region_Staff_College.htm.

2) The *Civil Air Patrol News* provides publicity if the region commander submits pertinent information to NHQ CAP/ETP prior to 15 November each year. The RSC director advises the region's wing commanders of dates, location, and details of the RSC as soon as they are confirmed. Wing commanders send the RSC information to all the wing's units upon receipt.

f. Reporting. The course director must forward the CAPF 11 and course critiques to NHQ CAP/ETP within 7 days of course completion. Failure to do so could have a detrimental effect on promotions or other personnel actions. The course director sends a copy, along with the RSC expense report, to the region commander.

6-4. Paul E. Garber Award

Completion of all requirements in Level IV entitles CAP members to receive the Garber Award. This award is named after a former air pioneer, aviation historian and curator emeritus of the National Air and Space Museum, and an advocate of CAP. Upon completion of all Level IV professional development requirements, the unit's Professional Development Officer records the data on the member's CAPF 45b (Attachment 4). The unit Professional Development Officer completes CAPF 24 (Attachment 7), Item 10. Chaplains participating in the regular Professional Development Program should also apply for the award by submitting a CAPF 24. Chaplains may substitute two Chaplain Service Region Staff Colleges for one regular Region Staff College (see paragraph 6-6). The unit commander signs the form, retains a copy, and sends the original to wing headquarters for the wing commander's signature.

Wing headquarters retains a copy and forwards the original to NHQ CAP/ETP. When approved, NHQ CAP/ETP sends the certificate and ribbon to the wing commander for presentation to the member.

NOTE: Completion of Level IV with 4 years time-in-grade as a major, satisfies the requirements for duty performance promotion to lieutenant colonel.

6-5. National Legal Officers' College.

The National Legal Officers' College (NLOC) is a formal in-residence course for legal officers. It is the equivalent of a Region Staff College and course procedures are the same as for a Region Staff College. Appointment authority for the NLOC director will be the National Legal Officer (NLO). Curriculum development and content are a collaborative effort between the NLO, the NHQ General Counsel and NLOC director. NHQ CAP/ET will be the final determinant as to whether the NLOC will receive regular RSC credit. Report NLOC completion in accordance with paragraph 6-3f.

6-6. CAP Inspector General College.

The Civil Air Patrol Inspector General College (CAPIGC) is a formal in-residence course for Inspectors General and Inspector General staff members; region, wing or group commanders; legal officers; or other IG involved personnel. It is the equivalent of a Region Staff College and course procedures are the same as for a Region Staff College. Appointment authority for the CAPIGC director will be the CAP Inspector General (CAP/IG). Curriculum development and content are a collaborative effort between the CAP-USAF/IG, CAP/IG and the CAPIGC director. NHQ CAP/ET will be the final determinant as to whether the CAPIGC will receive regular RSC credit. Report CAPIGC completion in accordance with paragraph 6-3f.

6-7. Chaplain Service Region Staff College.

Chaplain Service Region Staff College (CSRSC) is a formal in-residence course. The college helps prepare selected CAP chaplain service personnel to better execute their duties and responsibilities associated with their CAP assignment. Chaplain service personnel who are participating in the regular Level IV Professional Development Program may satisfy the requirement for RSC by attending **two** Chaplain Service Region Staff Colleges. Both CSRSCs must be completed within a 5-year period. The Executive Administrator Chaplain Service (NHQ CAP/EXC) handles instructions concerning appointment of a college director, curriculum approval, and funding. director of the CSRSC should consult NHQ CAP/EXC and CAPR 265-1, *The Civil Air Patrol Chaplain Service*, for guidance on administration and funding. The academic criteria outlined below establishes a curriculum equivalency standard for the CSRSC as compared to the RSC:

a. The curriculum of each CSRSC must satisfy the educational goals of:

1) Providing education on a broad range of subjects designed to enhance professional growth and development of chaplain service personnel in support of the CAP mission.

2) Providing professional development to increase the effectiveness of CAP chaplain service personnel in planning, developing, and executing their duties and responsibilities for service, spiritual guidance, and moral leadership in CAP.

b. Each CSRSC lasts 20 hours. Of those 20 hours, the college must devote 6 hours to subjects directly related to CAP's three mission elements. The curriculum must include all three mission elements. Directors may vary the time devoted to each element. However, mission elements should receive no less than 6 hours of allotted time.

1) NHQ CAP/EXC and NHQ CAP/ETP must receive the proposed CSRSC curriculum 90 days in advance of the course start date for joint approval. To assure a standardized, CAP-wide approach to CSRSC development, directors must select their curriculum topics from the “Mission Elements,” “CAP Operations,” and “Professional Development” lists. A well-balanced curriculum should include topics from all of the major elements. Directors should vary the subjects presented each year to cover as many as possible over a span of several colleges. Subjects other than those listed require special approval from NHQ CAP/EXC and NHQ CAP/ETP 120 days in advance of the course start date.

2) Mission Elements (mandatory 6 hours).

c. Reporting. The course director must forward the CAPF 11, *CAP Senior Member Professional Development Program Director’s Report* (Attachment 6), and course critiques to NHQ CAP/ETP within 7 days of course completion. Failure to do so could have a detrimental effect on promotions or other personnel actions. Directors should send a copy, along with the CSRSC expense report, to the region commander and a copy to the Deputy Chief, Chaplain Service.

CHAPTER 7—LEVEL V, EXECUTIVE

7-1. Executive.

This is the highest level of CAP career development and is for those officers performing duty as commanders or staff officers. As such, only the most dedicated senior members achieve this level. To complete this level, members must:

- a. Complete Level IV.
- b. Perform in a command or staff position for a total of 3 years of service to CAP.
- c. Conduct a Level I Orientation Course **and** one of the following:
 - 1) Serve in a director capacity of a SLS, CLC or Unit Commanders Course (UCC) in positions such as course director, curriculum director, or administration director, etc. **Note:** The Unit Commanders Course is a 16-hour course that introduces prospective new unit commanders to the traits and skills needed to effectively manage their units. For further information and course materials contact NHQ CAP/ETP via phone, fax, e-mail or mail.
 - 2) Serve as a staff member for a Region Staff College or National Staff College.
- d. Attend National Staff College or complete its approved PME equivalent as listed in Attachment 2.

7-2. National Staff College (NSC).

The NSC is the executive-level, in-residence course for senior members who aspire to high-level leadership in CAP. The NSC provides CAP officers the types of developmental experiences required to operate complex programs. Consequently, CAP encourages present and potential wing and region commanders to attend. It also encourages squadron and group commanders who have attended RSC to apply. Personnel desiring to attend the NSC **must** hold the grade of major or above (this is not waivable) and have completed a RSC or equivalent (Attachment 2). Wing and region commanders and staff officers, and unit or higher level commanders receive priority. Region commanders may waive the RSC completion requirement for the purpose of attending the NSC. RSC must still be completed at a later date. The National Commander and the Executive Director hold sole discretion for waiver of other eligibility criteria (except for grade, which is not waivable). They grant requests only under exceptional circumstances. The region commander requests this waiver.

- a. **Objectives.** Upon completion of the course, members should be able to:
 - 1) Assess the communicative process, both individually and in groups.
 - 2) Appraise the general types and qualities of effective leaders and managers in various situations, and compare their own leadership and managerial qualities and performance with these general classifications and qualities.
 - 3) Analyze problem areas of CAP units and apply managerial concepts for their solution.
 - 4) Evaluate the effectiveness of the CAP Senior Member Professional Development Program.
 - 5) Formulate a personal policy of instilling the core values strategy into the culture of an organization.
- b. **Curriculum.** The NSC includes advanced studies in communications, leadership and management, and human relations. Students also study the development of CAP corporate policy and the CAP-USAF relationship in lectures, seminars, and visits conducted by senior CAP and CAP-USAF personnel.
- c. **Planning.** Since the National Staff College is the premier training program to develop executive-level leadership, the director of NSC must have executive-level leadership experience. Executive-level leadership is defined as someone who has been a CAP wing/region commander, a former military commander, or someone who has held an executive-level leadership position in the business community such as a CEO, or similar position. The director and CAP staff members must have completed NSC as students prior to assuming their responsibilities. Individuals interested in serving as NSC director will apply directly to the current director on a CAPF 17, with a courtesy copy sent to the National Commander. Faculty and staff include qualified CAP members and military reservists. Personnel from the staffs of the Air University PME schools serve as lecturers on a wide variety of subjects.
- d. **Reporting.** The NSC course director submits the CAPF 11, *CAP Senior Member Professional Development Program Director's Report* (Attachment 6), to NHQ CAP/ETP within 7 days of course completion and sends a copy to all region and wing commanders.
- e. **Credit.** Members unable to attend the college may elect to complete Air Command and Staff College (ACSC) by correspondence from AFIADL or any of the PME equivalents to National Staff College as indicated in Attachment 2. Members who complete ACSC may wear a Bronze Star on the Gill Robb Wilson ribbon. Those who complete Air War College or its PME equivalent receive authorization to wear a Silver Star on the Gill Robb Wilson ribbon.

7-3. Gill Robb Wilson Award.

Successful completion of Level V professional development qualifies the CAP officer for the Wilson Award. This is the highest professional development award given to a senior member. The award honors an airman, poet, writer, and founder of CAP.

a. Application. Upon completion of all Level V professional development requirements, the unit's Professional Development Officer records the data on the member's CAPF 45b (Attachment 4). The unit Professional Development Officer completes CAPF 24 (Attachment 7), Item 11. The unit commander signs the form, retains a copy, and sends the original to wing headquarters for the wing commander's signature. Wing headquarters retains a copy and forwards the approved original to region headquarters for the region commander's signature. Region headquarters retains a copy and forwards the approved original to NHQ CAP/ETP. When approved, NHQ CAP/ETP forwards the certificate and ribbon to the wing commander for presentation at an appropriate ceremony.

b. Gill Robb Wilson Award Ceremony. Because of the prestigious nature of the Wilson Award, commanders are encouraged to arrange, if possible, for a USAF or CAP general officer, state or federal government elected official, or other distinguished person to make the Wilson Award presentation. The following paragraph is a suggested citation for the presentation ceremony.

7-4. Suggested Wilson Award Citation.

Gill Robb Wilson Award Citation

"The Gill Robb Wilson Award is the highest professional development award which can be earned by a Civil Air Patrol senior member. The award is bestowed on its recipient in honor of the founder and first executive officer of Civil Air Patrol. Since its inception in 1964, the Wilson Award has been presented only to the most dedicated Civil Air Patrol members. To earn this award, a member must complete all levels of the Senior Member Professional Development Program, attend the National Staff College or its equivalent, and serve in a command or leadership position for no less than 3 years.

This Gill Robb Wilson Award Certificate number (#) is hereby presented to (name) for conspicuously meritorious performance and exceptionally distinguished service in Civil Air Patrol."

CHAPTER 8—AIR FORCE INSTITUTE FOR ADVANCED DISTRIBUTED LEARNING

8-1. Air Force Institute for Advanced Distributed Learning (AFIADL).

On February 1, 2000, the Air Force Extension Course Institute (ECI) formally became the Air Force Institute for Advanced Distributed Learning (AFIADL). This organization replaces ECI as the Air Force's correspondence school. Its services continue unchanged and are available without cost to Civil Air Patrol members. Two broad areas of study are available: Professional Military Education (PME) and specialized technical courses. For CAP members, PME courses improve knowledge of command and leadership, and the specialized technical courses provide training for the performance of specialized duties. This chapter gives pertinent information and registration procedures for AFIADL courses in the CAP Senior Member Professional Development Program. **NOTE: AFIADL FORMS WILL CONTINUE TO USE THE ECI DESIGNATION UNTIL STOCKS ARE EXHAUSTED.**

a. AFIADL Course Control. AFIADL designates each CAP wing headquarters as an official AFIADL test office. Each CAP wing headquarters designates a test control officer (TCO) who serves as a point-of-contact with AFIADL. (See CAPR 50-4, *Test Administration and Security*.) Current course listings are in the AFIADL Catalog (available only on the Internet at www.au.af.mil/au/afiadl).

NOTE: Units below wing level may request copies of an abbreviated version of the AFIADL Catalog published periodically by NHQ CAP/ETP. The Unit Test Control Officer AFIADL Course Handbook contains AFIADL courses of interest to CAP members and expedites enrollment and administration.

b. AFIADL Course Administration:

1) Eligibility. AFIADL courses are available to all **active** CAP senior members in good standing who have completed Level I training as well as to cadets who have achieved the General Billy Mitchell Award. Cadets may enroll only in specialized courses relating to the cadet's CAP duty. Senior members, however, are encouraged to enroll in courses, which they believe will raise their efficiency in any specialty. Certain time restrictions and course completion requirements are identified in the AFIADL *Catalog* and course materials provided by AFIADL. The region DCS/PD and/or the wing DPD should assist subordinate units in taking full advantage of the professional development provided by the AFIADL program.

2) Courses. Military education courses of special interest to senior members are:

a) CAP Senior Officer Course, AFIADL Course 00013. This course is specifically for CAP members as a part of Level II training of the Senior Member Professional Development Program and includes such subjects as communication techniques, effective writing, leadership, and management. There are time constraints for completion of this course.

b) Squadron Officer School Correspondence Program, AFIADL Courses 00026/27A-E. This course is available for CAP senior members in the grade of captain or above as an optional portion of Level IV of the Senior Member Professional Development Program. Enrollees should refer to CAPP 8, *Test Control Officer Guide to Air Force Institute For Advanced Distributed Learning* for specific enrollment procedures.

c) Air Command and Staff College Correspondence Program, AFIADL Courses 00030A-F. This is an advanced-level Air Force program available to senior members who hold the grade of major or above as an optional portion of Level IV or V. Enrollees should refer to CAPP 8, *Test Control Officer Guide to Air Force Institute For Advanced Distributed Learning* for specific enrollment procedures.

d) Air War College, Course 00042A-D. Air War College (AWC) is an advanced-level Air Force program available to senior members who hold the grade of lieutenant colonel or above as an optional portion of Level IV or V. Non-Air Force (including CAP) members must enroll on the web site at: <http://www.au.af.mil/au/awc/ns-enroll.htm>. Enrollees should refer to CAPP 8, *Test Control Officer Guide to Air Force Institute For Advanced Distributed Learning* for specific enrollment procedures.

e) AFIADL specialized courses for CAP members provide training in the performance of specialized duty. The courses should be ordered and used by members training for these positions/specialties. Courses available:

02010 Civil Air Patrol Public Affairs Officer	02130D Civil Air Patrol Emergency Services
02130A Civil Air Patrol Scanner Course	02170 Civil Air Patrol Safety Officer Course
02130B Civil Air Patrol Mission Observer Course	

3) Enrollment:

a) A sample AFIADL Form 23, *AFIADL Enrollment Application* is at Attachment 13A. Instructions for completing AFIADL Form 23 are at Attachment 13B.

b) An AFIADL Form 23 must be submitted for each course requested. It must be signed by the unit commander or designated representative (normally the TCO). The original is sent directly to AFIADL by FAX (Attachment 13C) or mail, and a copy is sent to the wing test control officer for monitoring and follow-up. Failure to send an information copy to the wing test control officer will delay administration of exams.

c) Once enrolled, a student requests assistance, end of course exams, address changes, or other information by submitting AFIADL Form 17, *Corrected or Latest Enrollment Data, Student Request for Assistance* (Attachment 13D), by FAX or mail. Copies of the AFIADL Form 17 are provided with the course or may be reproduced and used. **If a problem cannot be resolved using the AFIADL Form 17, do not call AFIADL. Instead, contact the wing TCO with the problem. The wing TCO is the only person authorized to call either AFIADL or the course author.**

Note: AFIADL Forms 23 and 17 can be obtained at <http://www.au.af.mil/au/afiadl/>; also, AFIADL Forms 23 can be obtained from NHQ CAP/MSAD, 105 S. Hansell St., Maxwell AFB, AL 36112-6332 using CAPF 8, *Requisition for Publications and Blank Forms*, (Attachment 10).

d) **Course Examinations (CE).** After the student satisfactorily completes all volumes in the course, the course examination is requested according to instructions in the course package. The examination is mailed to the wing TCO. It is the student's responsibility to notify the wing TCO when the course is completed and to arrange for taking the CE. The wing TCO forwards the CE to the appropriate unit TCO, who follows instructions for test administration in CAPR 50-4.

1 If the student passes the CE:

a) AFIADL sends a report directly to the student. The student immediately informs the unit TCO of CE results. The unit TCO notifies the wing TCO of CE results to clear wing suspense.

b) Students who satisfactorily complete the CE receive a certificate of course completion from AFIADL (AFIADL Form 9). It is the student's responsibility to ensure the Professional Development Officer records the results on the member's CAPF 45b (Attachment 4). The student should retain the original AFIADL Form 9 and file a photocopy in the CAPF 45 Master Record (Attachment 3).

2 If the student fails the CE:

a) A retake is mailed to the wing TCO and the process is repeated. The student must restudy and retake the examination within the guidelines for the course.

b) All requirements for completion are set by the school, not AFIADL. For example, the Squadron Officer School sets grade standards, not AFIADL. Grades are not increased by AFIADL unless there are demonstrated errors in the test.

e) **Academic Credit.** If students feel that a school might award them college credit for AFIADL courses as listed in the *AFIADL Catalog*, they should send a letter to the Registrar Branch (AFIADL/EDOR) requesting verification of courses taken. AFIADL verifies course completion and prepares a transcript. Transcript requests must include the student's name and address, social security number or old service number, course number, year completed, and the name and mailing address of school or agency (for official transcripts only). Official transcripts are mailed to the school or agency address. Unofficial transcripts are mailed to the student.

f) **Other.** Unit commanders and professional development officers must be thoroughly familiar with the contents of this regulation; CAPR 50-4; and CAPP 8. They should be able to advise and assist members on the process for enrolling in AFIADL courses and encourage them to setup and follow a study schedule that allows for completion of volumes and CEs within specified time limits. Also, they should establish procedures to monitor each member's "Date of Enrollment" in a course and follow-up as necessary.

g) **Time Limits.** With certain exceptions, AFIADL courses must be completed within 12 months (a course is considered complete only after AFIADL processes a completed course examination). Time limits vary for professional military education courses. See the current *AFIADL Catalog* and course materials for time limits on particular courses.

8-2. AFIADL Forms.

NOTE: AFIADL FORMS WILL CONTINUE TO USE THE ECI DESIGNATION UNTIL STOCKS ARE EXHAUSTED. Refer to Attachment 13 for forms and procedures to apply for AFIADL courses. Forms may be copied for CAP member use.

CHAPTER 9—SPECIAL RECOGNITION PROGRAMS

9-1. Special Recognition Programs.

CAP needs to recruit, retain, and reward chaplains and legal officers for their services to CAP. Their voluntary contributions are invaluable to the organization and would be prohibitively expensive to acquire through compensation. Many of these individuals do not have the time to serve CAP in their professional capacities while simultaneously participating in all aspects of the Senior Member Professional Development Program. To allow these individuals to qualify for certain Professional Development awards, CAP has established special recognition programs.

NOTE: This special awards recognition program should not be confused with the promotion program requirements that are covered in CAPR 35-5 and CAPR 265-1.

NOTE: Chaplains and legal officers who receive the Garber Award, as specified below, are eligible to earn the Wilson Award by completing all the requirements specified in Chapter 7 for Level V professional development of the regular Senior Member Professional Development Program. They are not required to complete all the previous requirements specified in Levels I-IV.

9-2. Legal Officers' Special Recognition Program.

a. Grover Loening Aerospace Award. Legal officers who meet the criteria in CAPR 35-5 for appointment to the grade of captain, complete Level I training and successfully serve CAP for 1 year as an active legal officer are eligible to receive the Grover Loening Award if recommended by their commander, the NHQ CAP General Counsel (GC), and CAP National Legal Officer (NLO). To apply for this special award program, legal officers should forward an in-turn letter listing the completion dates of the requirements and the dates of CAP active service to the unit commander for recommendation and forwarding to NHQ CAP/GC and CAP/NLO. Final approval authority for the award will be the CAP National Commander or designee.

b. Paul E. Garber Award. Legal officers who have attained the grade of major, received the Loening Award, attended the National Legal Officers' College, and served CAP for a total of 3 years as an active legal officer are eligible to receive the Paul E. Garber Award if recommended by their commander, the NHQ CAP/GC, and CAP/NLO. To apply for this special award program, legal officers should forward an in-turn letter listing the completion dates of the requirements and the dates of CAP active service to the unit commander for recommendation and forwarding to NHQ CAP/GC and CAP/NLO. Final approval authority for the award will be the CAP National Commander or designee.

SUMMARY OF CHANGES.

Senior Member Professional Development Program replaces Senior Member Training Program. The titles Deputy Chief of Staff for Professional Development at region, Director of Professional Development at wing and Professional Development Officer at unit replace Senior Program Officer title respectively. Professional Development Report (PDR) replaces Senior Training Report (STR). Office symbol ETP replaces ETS. The Air Force Institute for Advanced Distributed Learning (AFIADL) replaces the Air Force Extension Course Institute (ECI). Funding for RSC increased. Application procedures for director of NSC position formalized. Critical Incident Stress Management, Suicide Prevention/Intervention, and Religious Terrorism added to ES topic list for CSRSC. Use of CAPF 17 is optional for course enrollment (paragraph 2-7b2). Unit Commanders Course added to staff member options at Levels IV and V (paragraphs 6-1f and 7-1c1 respectively). Order course materials using CAPF 46 (paragraphs 4-6d and 5-3e respectively).
